Independent auditor's review report on the interim condensed consolidated financial statements to the shareholders of Saudi Telecom Company

(A Saudi Joint Stock Company)

Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of Saudi Telecom Company - a Saudi Joint Stock Company ("the Company") and its subsidiaries (collectively referred to as "the Group") as at 31 March 2022, and the related interim condensed consolidated statements of profit or loss and comprehensive income, cash flows and changes in equity for the three months period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily to persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

2- BASIS OF PREPARATION

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA") ("IAS 34").

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements in accordance with International Financial Reporting Standards and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2021.

3- THE GROUP'S ACCOUNTING POLICIES

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2021.

There are amendments to the standards that come into effect at 1 January 2022, but they do not have any material impact on the Group interim condensed consolidated financial statements.

4- SEGMENT INFORMATION

The Group is engaged mainly in providing telecommunication services and related products. The majority of the Group's revenues, income and assets relate to its operations within the Kingdom (Saudi Telecom Company, Channels by stc, and Solutions). Outside of the Kingdom, the Group operates through its subsidiaries, associates and joint ventures in several countries.

10- FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

The Group uses valuation techniques appropriate to current circumstances that provide sufficient data to measure fair value. In addition, for the financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- a- Level "1" inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- b- Level "2" inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- c- Level "3" inputs are unobservable inputs for valuing the asset or liability, either directly or indirectly.

The fair values of the financial instruments represented in trade and other receivables, short-term murabahas, cash and cash equivalents, and trade and other payables closely approximate their book value due to the short maturity.
