AQALAT, a real estate investment arm of the stc Group established in 2013, manages a vast portfolio of over 673 real estate assets spanning 18.7 million square meters. Among its notable projects is stc square in the King Abdulaziz Telecom Complex in Riyadh.

product/services

- Real estate projects
- Facility Management & Property Management.

100%

ownership

2013

creation

countries of
operations

strategic intent

Aqalat's strategic intent is to monetize stc Group-owned real estate assets in KSA by determining the optimal monetization model through sale, lease, or partnership for development. This approach aims to enhance stc's returns by developing real estate projects using stc's assets, alongside leasing and selling non-essential real estate assets. A crucial part of this strategy involves converting the land use of these properties from service facilities to mixed-use investment lands.

key highlights and achievements

- Achieved 60% completion of phase I of the stc Square project in Riyadh, with construction expected to finish in 2024.
- Formed a joint venture with DUR to establish the Smart Zone Hospitality Company and launched phase II of the stc Square project.
- Sold a land parcel in Al-Khobar at a public auction for SAR 1.378 billion.
- Exceeded 96% localization, with over 31% of the workforce being women and 24% in leadership roles

- Updated stc square achieved completion to 70%
- Construction commencement of Dammam infrastructure project in 2024
- +300 converted land use to be monetized.
- Phase II Design completion and is expected to start construction works in 2024
- ~1.46 B total revenue for stc
